PROFILE

A website developer with a passion for coding and a strong desire to create user-friendly and impactful websites. Constantly learning and eager to take on new projects in a dynamic environment. Open to working with any client project to gain experience and contribute effectively.

EXPERIENCE

Website Development Projects
Student Projects

• Developed a Hotel Room Reservation System using Php, Html, Css/Bootstrap and Javascript.

• Collaborated with group members to design and implement website features, ensuring user-friendly interfaces and seamless navigation.

Website Development Projects
More Projects

• Developed an employee leave management system using Laravel, Html, Css/Bootstrap and Javascript.

• The system is developed to streamline the process of requesting, approving, and tracking employee leave, improving efficiency and reducing administrative workload.
